STATINTL

Attached is a memorandum nominating three individuals for the Career Education Awards sponsored by the National Institute of Public Affairs (a non-profit educational organization which administers a Ford Foundation grant for the Awards). There is one nominee from Logistics, one from Personnel and one from Security. Negative replies were received from the other Support components.

The three applications have been reviewed and we feel that each candidate is worthy of consideration by the Training Selection Board.

An Award affords a year of group graduate-level university study to Government careerists at the midcareer level. Seven universities participate in the program--Chicago, Cornell, Harvard, Indiana, Princeton, Stanford and Virginia.

CIA has had four winners to date:
